

equips Maine communities, landowners, and conservation partners with tools to protect, restore, and connect important habitats and ecosystems in a changing climate.

Water Resources & Shoreland Habitats

Jackman

This map is nonregulatory and is intended for planning purposes only

Town of Interest

Organized Towns

Developed

Impervious surfaces including buildings and roads.

Maine Stream Habitat Viewer

Road Stream Crossings

Barrier

Potential Barrier

- No Barrier

Wild Brook Trout Habitat

Priority conservation areas identified by the
Dep. of Inland Fisheries and Wildlife.

Wetlands

National Wetlands Inventory (NWI) uses aerial photographs to approximate wetland locations. NWI data typically under represents the presence of wetlands on the landscape.

Shoreland Areas

Areas are delineated by ME Dep. of Environmental Protection's Mandatory Shoreland Zoning Act, which includes areas within 250 feet of great ponds, rivers, and wetlands, and within 75 feet of streams. The regulations within each shoreland zone depends on the town, and towns may regulate greater areas than what is shown here.
